

Northern Valley Indian Health

YOUR HEALTH. OUR MISSION.

October 23, 2023

Dear Valued Patient,

It is with regret that we must inform you that Dr. Shelke, DDS will be leaving Northern Valley Indian Health, Inc. Dr. Shelke will continue to see patients through November 3, 2023, and after that date, his patients will be contacted for a future appointment with another member of our dental provider staff.

Please be advised there may be a brief waiting period and if you have not been contacted by our office prior to February 1, 2024, please call our office to inquire about scheduling your next visit. Urgent care dental appointments will remain available and will be provided with a dental provider on staff.

We value you as a Northern Valley Indian Health, Inc. dental patient and wish to continue to provide you with the highest quality of healthcare services possible. We anticipate that the transition of your primary care dental provider will be a positive experience and we welcome your comments and thoughts.

Sincerely,

Dental Department
Northern Valley Indian Health, Inc.
